

**Amendments to the Specification:**

Please replace the paragraph beginning on page 12, line 4 beginning with “As shown in Figure 4...” with the following paragraph:

As shown in Figure 4, the secondary plate 216 defines an inner wall 238 and ~~that~~ the plunger 224 defines an outer wall 240. As ~~A~~ shown, a generally annular, secondary air gap 242 is established between the inner wall 238 of the secondary plate 216 and the outer wall 240 of the plunger 224. In this embodiment, the secondary air gap 242 is approximately one-quarter of a millimeter (0.25 mm).
